Welcome to Placement Management System

C-DAC placements create a platform where students can showcase their talents which different companies seek to explore and utilize. Starting from 1993, we have successfully placed a large section of graduates who have appeared for placements. This year especially, the performance has been overwhelming.

The moment you step foot at C-DAC, the process of shaping and moulding you for the real world begins. From day one itself, the focus is to get one ready to bag the best possible offer from industry bigwigs, at the end of six months when the Post Graduate Diploma programmes culminate.

C-DAC helps students in exploring placement opportunities by inviting companies for Common Campus Placement Programme. The final placements at C-DAC are a culmination of systematic and continued interaction with industry and ongoing and enduring career counselling as well as grooming of the students by mentors and Career Development Centre.

And before the Placement day, we finally present the podium where thousands of students participate in National Level Common Campus Placement Programme (CCPP) in five regions: **Bangalore, Hyderabad, Mumbai, Noida, Patna and Pune** where more than 500 companies across India visit for recruitment.

The interview process usually starts with company introduction enlightens the students with company profile followed by written test, group discussion, and personal interview. The underlying idea is to acquaint the students with the companies, their culture, and the domain, how they differentiated from their competitors, the job roles, growth rate, the expectations from students, the selection process, required skill sets and other aspects needed to build a lasting career.

A great number of new as well as regular companies visit our National Level Common Campus Placement Programme (CCPP) every batch and we have been successful in placing more than 2000 students every batch.

Calendar

- **If students get invalid captcha, then ask them to try again and if the problem persist then they have to clear their browser cookies and cache**

Login again with new password will redirect to below mentioned tab

1. Change password:

- It is mandatory for first time login students.

The screenshot shows the 'Change Password' page of the Placement Management System. The page has a red header with the system logo and a 'Logout' link. Below the header, there is a note: 'Note: Change password is mandatory for First Time Login'. The form contains three input fields: 'Old Password', 'New Password', and 'Confirm Password'. Below these fields are 'Submit' and 'Cancel' buttons. The footer contains the copyright notice: '© 2013 C-DAC, ACTS. All Rights Reserved'.

PMS Change Password Page

2. Forgot Password:

- This forgot password only works after 1st step completion of resume entry.
- If any candidate has forgot their password, then Forgot password option will be there on Login page.
- After clicking on Forgot password button, the user will be redirected to Forgot Password page.
- Then the user should enter their PRN, PMS registered primary email id & captcha then click on Get OTP button.
- Then enter OTP received on your primary email id from acts-placement@cdac.in, then add new password, confirm password and then click on submit.

The screenshot shows the 'Forgot Password' page of the Placement Management System. The page has a red header with the system logo and navigation links: 'Home', 'About ACTS', 'About CDAC', 'Feedback', and 'Contact Us'. Below the header, there is a note: 'Note: You can reset your password only if you have done your resume entry.' The form contains five input fields: 'PRN/User ID', 'Registered Email', 'Captcha', 'Validate Captcha', and 'OTP'. Below these fields are 'New Password' and 'Confirm Password' fields. There are 'Get OTP', 'Submit', and 'Cancel' buttons. A captcha image with the text 'N5PE9P' is displayed. The footer contains the copyright notice: '© 2013 C-DAC, ACTS. All Rights Reserved'.

PMS Registration Page

1. This is a navigation menu to fill the resume in Placement Management System.

2. **Right mark image shows step is completed**, can proceed for the next step or edit the same.

3. **Red color image and link shows:- link is enable to fill details for particular step.**

4. **Gray color image and link shows step is disabled and previous step needs to be completed.**

5. For step 2 –*Academic details* completion of SSC /10th is mandatory.
6. For step 3 –*Graduation details* completion **Graduation is mandatory**. If in step 2 –*Academic details* HSC /12th details are not filled then Diploma and graduation details are required to complete the step. The field with red border and * shows the mandatory fields.
7. For Step 4 –*Academic Projects* completion PG diploma (C-DAC Courses) project details are mandatory.
8. Step 5 –*Work Experience* is optional step.
9. For Step 6 –*Other Information* tab detail is mandatory.
10. View Resume Link shows Personal, Academic and Professional Summary.

PMS Registration Page

1. All Fields with red border are mandatory to fill.
2. The image uploaded is from Student C-CAT registration form, non-editable.
3. Email Id is combination of lowercase letters and Numbers only. **The primary email ID should be Gmail ID.** (Preferably Gmail Id), Please make sure you enter valid primary email id as C-DAC Placement Team companies communication will be sent to that email ID. Please be careful of any typo mistakes.
4. If students don't have skype id, then they must create it and fill the details.

☒ Semester ☐ Year	Semester 3	Semester 3	Semester 4	Semester 4
☒ Semester ☐ Year	Semester 5	Semester 5	Semester 6	Semester 6
☒ Semester ☐ Year	Semester 7	Semester 7	Semester 8	Semester 8
☒ Semester ☐ Year	Semester 9	Semester 9	Semester 10	Semester 10
Total				

Note: Please convert your CGPA or Grading to marks according to respective university formulae.

Year of Admission : Select Admission Year  Year of Passing : Select Year of Passing 

University Degree % :  Average Aggregate % :

For Diploma students:

- In case any student has done Diploma, he / she should fill the details under Graduation tab. Diploma is mandatory for completing the resume entry process (As applicable) under graduation tab (if HSC not done).
- For Diploma – Select the course duration 3 Years and enter the marks from 1st Semester or in case of year wise mark sheet – enter the details for yearly marks from 1st year onward.

Graduation Details Data Entry Steps:

- Please Select Qualification level to add the graduation details under Diploma / Graduation/ Post Graduation drop down.
 - If a student has done multiple Diploma, graduation and post-graduation as well, he may enter the details separately by selecting the qualification level.
 - Under the Qualification tab, students may select his/her graduation degree. In case it is not listed, select

other field option and mention the degree name.

- Few cases have been encountered where student has done multiple graduation, only the recent / latest graduation details should be entered in PMS. ➕ Allows user to add more Qualification Level like 2nd Diploma/Graduation /Post Graduation, however, only recent qualification will be considered by PMS.

2. **BACKLOGS** means no. of subject's student had failed/ got the supplement during degree.

- E.g. In 1st year, I failed in one subject and gave re-exam in the third semester –consider as one backlog. In the fourth semester, again failed and appeared for re-exam thus total backlog counted will be two and subsequently in case of more failed subjects during engineering / diploma.
- Total backlogs are number of backlogs/ no. of re-exams in entire Qualification /Curriculum.
- Consider One Subject **per attempt while counting the backlogs**

3. **Grade / Division** – Mention the grade (1st / 2nd/3rd) received in your degree certificate for Engineering / Diploma.

4. **No. of Attempts** means year(s) gap / year down in the graduation qualification.

- It means the engineering (4 years) / Diploma (3 years) is completed in how many years. In case of any year (1year / 2 year) extension due to any issues, consider it as no. of attempts taken to complete the graduation / diploma.
- If a student has completed 4 years of Engg. in 4 years then minimum no. of attempt has to be 1 which means he completed the graduation in 1 attempt. In case of any year down, the no. of attempts will increase subsequently.
- If user is completing 3 year qualification (e.g.- B.Sc. , BCA) in 4 years, no. of attempt will be 2.
- If the user is not able to clear his backlog in the final semester itself and any year down happens, then no. of attempts will increase respectively.
- If 5th semester backlog is not cleared in 6th Semester and a year down happens, the no. of attempts will be 2. In the same lines, as the year down increases, the no. of attempts will increase respectively.
- After completion of 8th Semester, if any backlog remains and the user is not able to clear it in the subsequent semesters, the no. of attempts will increase respectively.

5. **Enter Marks** - In the section “Enter Marks” where the total and obtained marks asked in in numeric value. Enter the marks based on your Semester wise mark sheet / yearly mark sheet provided by the university.

- In case student result is in **CGPA or in the similar grading method, convert CGPA or Grades to marks according to respective university formulae given on your original mark sheet or university website.**

6. **Year of Admission** is your admission year of Engineering / Diploma as mentioned in your mark sheet / degree certificate.

7. **Year of Passing** is the year you completed your engineering / diploma as mentioned on your degree certificate.

8. **University Degree percentage** is the Degree percentage mentioned in your degree certificate. If not mentioned, you may mention the average percentage or as derived by your university.

9. **Average Aggregate percentage** – This is PMS System generated average aggregate percentage based on the marks entered by student in “Enter Marks” section.

Academic Project Details

Select Qualification :

Duration (In Months) :

Project Git Repository :

Project Description :

Project Title :

Platform Used :

Qualification	Title	Duration (Months)	Project Repository	Platform	Description
PG Diploma	Ecommerce App	2	github.com/SaazA/Ecommerce-App	Hybrid Programming	This project deals with developing an e-commerce website for Online Product Sale. It provides the user with a Catalogue of different product available for purchase in the store. In order to facilitate online purchase a shopping cart is provided to the user.
Graduation Minor Project	Coin-Toss Game	1	github.com/SaazA/Cointoss	J2EE	The CoinToss Application is a modern web-based application that allows users to perform virtual coin tosses and keep track of their toss history. The application utilizes a React front-end for an engaging user experience, a Spring Boot back-end to handle business logic and API requests, and MongoDB as the database to store and retrieve toss results and user data.

- Any one-project details (PG Diploma / Graduation) is mandatory for step completion. Student can fill graduation project in the first phase of resume entry and then later, the C-DAC PG Diploma project may be filled as per the project entry schedule provided by C-DAC.
- Please **Select Qualification** to add the project under Graduation / PG Diploma section.
 - The section allows only One Project per qualification selected. Students do multiple projects during their graduation; however, they have to enter only one main project, which they find most valuable, and shows the practical aspect of the project objective to highlight in the resume to attract recruiter's attention.
- Enter **Project Duration** as the duration of projects declared by University / C-DAC Project. C-DAC PG Diploma project duration may be entered as 1 month.
- Platform Used** – Mention the technology / software / tools used in the project to highlight your key skill sets. If your project platform is not listed there then select, others option and enter your platform.
- Project Git Repository** – Student has to mention the project **GIT Repository** where they have pushed their project source code. Student has make the project GIT repository public for recruiters' access.

6. **Project Description** – Highlight your project key areas and major output delivered to describe the project performed / executed.
7. To **edit project details**, select qualification from dropdown then added project details would be seen for updates.

Academic ProjectsEdit

Title

: An E-Commerce Application Using MEAN stack

Platform

: NodeJS , MongoDB , ExpressJS, AngularJS

Description

: The MEAN stack is regarded as one of the most prevalent technology stack that is used in order to shape a full stack web application. MongoDB: For Database, Express.js: For backend Angular.js: For frontend Node.js: For server side runtime environment. We have created two Node JS servers for admin and user portals respectively. Each routers are assigned to handle all requests form the server. We created modules for each database entries and instantiated in the server.

Duration

: 10 Months

Title

: GreenMart

Platform

: J2EE,J2SE,ReactJs,MySQL, Spring boot

Description

: The GreenMart project aims to create a web application that will manage the online shopping of vegetables and fruits. This project will allow users to search, purchase, and review products, as well as manage their user accounts and interact with the system. It helps people to order desired product at their preferred time. This system will reduce the manual operation required to maintain all the records of booking information.Technology Stack: Front-end: React.js, JavaScript, Back-end: Spring Boot, Spring Data JPA Database: MySQL PaymentMethod:Stripe.

Duration

: 1 Month

Other InformationEdit

Technical Certification

: GATE Qualified 2022, MTA: Introduction to Programming using JavaScript

Extra Curricular

: Member of Event Management team of College and helped to manage various college fest events, Led the Department Cricket Team in inter-college tournament.
